LETTER OF COMPLIANCE
For
LETTER OF DEFICIENCY
No. ARD 2001-001

Dear Mr. Caisse:

The New Hampshire Department of Environmental Services, Air Resources Division (DES), has reviewed the actions taken by American Tissue Mills of NH (ATM) in response to Letter of Deficiency No. ARD 2001-001 (LOD). DES has determined that the specific issues addressed in the LOD have been resolved in a manner consistent with the NH Admin. Rules Env-A 100-3600, NH Rules Governing the Control of Air Pollution. Based upon DES's determination that compliance with the LOD has been achieved, DES issues this Letter of Compliance.

Please be advised that this letter pertains only to compliance with the air pollution rules and statutes addressed in Letter of Deficiency No. ARD 2001-001. It does not pertain to any outstanding compliance issues relative to water or waste rules or statutes implemented by DES. DES will continue to monitor the compliance status of ATM. This letter of compliance does not provide relief against any existing or future violations.

It is important that ATM be aware of, and maintain compliance with, all the requirements stipulated in its Title V Operating Permit TV-OP-013 (Permit). If you have any questions regarding this Letter of Compliance or the terms and conditions contained in the Permit, please contact Raymond Walters, Compliance Bureau, Air Resources Division, at (603) 271-6288. Thank you for your cooperation.

Sincerely,

Pamela G. Monroe
